CONTENTS

I. THE INDISTINGUISHABLE LIMIT 1

II. EVALUATION OF THE PARTITION FUNCTION 5

A. External and Internal Energy Modes 6

B. The Characteristic Temperature of a Mode 8

III. THE CHARACTERISTICS OF ENERGY MODES 10

A. The External (Translational) Mode 10

B. The Rotational (and Nuclear Spin) Mode 14

C. The Vibrational Mode 19

D. Electronic (Dissociation) Mode 24

IV. PROPERTIES OF MOLECULAR PERFECT GASES 25

APPENDIX IIIC-A, FURTHER CONSIDERATION OF THE TRANSLATION MODE 29

APPENDIX IIIC-B, IONIZATION, DISSOCIATION, AND CHEMICAL ENERGY 31
